

INDICATIVE PRICE

Dieser Katalog enthält zwar Preise für die einzelnen Produkte, Aufbauten und Serviceleistungen, dient aber nicht als Preisliste. Die im Katalog genannten Preise sind Projektpreise und dienen nur als erste Orientierung für Kunden, Planer, Architekten und Bauherren, sie sind freibleibend und rechtlich nicht bindend.

Die genannten Preise sind kein Ersatz für ein Angebot, einen Kaufvertrag oder eine Auftragsbestätigung. Preisänderungen und Irrtümer vorbehalten. Für aktuelle Preisinformationen wenden Sie sich bitte an unsere Handelsvertreter, die Ihnen gern ein Angebot für Ihr konkretes Projekt anhand der vorgelegten Planungsunterlagen unterbreiten. Sämtliche Angebote der DEKMETAL-Handelsvertreter sind kostenlos.

Die im Katalog genannten Preise enthalten keine Mehrwertsteuer.

DEKCASSETTE/DEKLAMELLA

THE SYSTEM COST

Project price, including the window and pipe capping (windowsill - lining - lintel), upper-lower-vertical sheet metal finish on the supporting grid, connecting elements in the cladding.

Dekcassette Ideal	75-95,- Eur/m²
Dekcassette Standard	73-93,- Eur/m²
Dekcassette LE	73-93,- Eur/m²
Deklamella Ideal	73-93,- Eur/m²

INDICATIVE LIST OF ELEMENTS

Visual element (DEKCASSETTE/DEKLAMELLA)	51-67,- Eur/m ²
DKM1A or DKM1B ¹⁾ one-direction substructure	11-16,- Eur/m ² 12-18,- Eur/m ²
DKM2A bi-directional substructure	16-26,- Eur/m ²
Tinsmith / lining elements (flashing) - window sill, jump, head, corner, etc.	included in the price of the system
Perforation of cassette area ²⁾	from 20,- Eur/m ²
Atypical shapes of cassettes	from 20,- Eur/m ²

¹⁾ DKM1B substructure is intended for vertical cladding of cassettes

²⁾ The maximum area of the perforation as well as the length of the perforated parts depends on the type and percentage of the punched area (frequency) of the perforation and must be consulted with the manufacturer

DEKPROFILE

THE SYSTEM COST

INDICATIVE PRICE

Despite this document containing prices of individual products, layouts and services, it does serve as a pricelist. The prices listed in the document are project prices and serve for fast orientation of customers, designers, architects and investors, they are non-binding and legally unenforceable.

The listed prices do not replace the offer, purchase contract or confirmation of receipt of the order. Prices are subject to change and all printing errors in this catalogue are reserved. For current information on prices, contact our sales representatives, who will prepare an offer for a specific project according to the supplied design documents.

All sales offers are processed by DEKMETAL sales representatives free of charge. All listed prices in the document are exclusive of 21 % VAT.

BASIC ELEMENTS OF THE SUBSTRUCTURE

* made to order

FOR DEKMETAL FACADE SYSTEMS

All linear profiles are delivered at a standard length of 3.05m. After consultation with the manufacturer, it is possible to deliver other atypical sizes and lengths for facade elements.

SUPPLEMENTARY SUBSTRUCTURE ELEMENTS

FOR OTHER SYSTEMS (CETRIS, CEMBRIT, FUNDERMAX...)

The DEKMETAL substructure can be used also for other façade systems. It is particularly suitable for board materials or stone cladding. A necessary condition is maximum surface load of the entire track up to 100 kg/m².
